

APPLICATION – how to enter for euward10

The legitimate requirement for your application for the euward Art Prize is an artistic practice in the spirit of Art Brut. This particularly targets artists who, due to a mental, psychological or emotional impairment or disability, frequently experience structural discrimination within the art world. The basis of any application is always an independent artistic stance, as well as an individual body of work of considerable scope. This should be evident from the application.

Applicants for the award should submit six selected examples of their own artistic work in an exclusively two-dimensional medium. These include, for example, paintings, drawings, graphic reproductions, photography, collage, montage, two-dimensional textile work, as well as digitally generated images that are the artist's own work (not produced with AI).

Applications are accepted until October 10, 2026. The date of receipt of the postal application documents will be considered the deadline.

- To enter please submit colour-reproductions (prints on photo paper) in **DIN A4 format** of six selected two-dimensional works, i.e. 21.0 x 29.7 cm. Good quality photos are important. The originals can be of any size.
- On the **“Image Directory” form**, enter the key details about the works: title, technique, dimensions and orientation, the year of production and the value of the artwork. Number the photos from 1 to 6 on their reverse side, according to the list.
- On the **“Personal Data” form**, please enter the personal details of the artist, plus previous exhibitions on top, and below the details of a contact person or supporting institution, if applicable.
- With the submission, you agree that your documents submitted remain in the euward archive. We do not return submission documents. Individual works by the submitting artists may be published within the euward archive.
- By signing the **“Consent form”**, you agree to the publication of these works in the context of euward. This does not include commercial exploitation.

Following the preliminary selection procedure, a shortlist of around 20 artists will be announced on www.euward.de from October 28th, 2026. Entrants who are not nominated will not be separately notified or contacted personally. No reason will be given for the exclusion from the final jury.

If an artistic work is not nominated for the final jury, this does not automatically imply a negative assessment. Only a relatively small number of entries can be selected. But rejected entrants should apply again for the next euward award.

CONSENT FORM

first name _____

surname _____

By applying for euward I hereby consent to the publication of my name and further information about my person as well as depictions of my artworks and pictures of myself by Augustinum (Augustinum Stiftung, Augustinum gemeinnützige GmbH) in the context of euward. This applies to the publication in the catalogue and promotional material for euward, to editorial publications by Augustinum in all media, especially printed, visual and digital media including the internet, as well as to the passing on to other media in the context of press and publicity works by the Augustinum for the euward. Insofar as the copyrights and usage rights of my art works are managed by third parties, I release the Augustinum from their claims for the above-mentioned uses.
